in America for interstate subpoenas = the replacement to this infraction. Since conspiracy charges are allegedly going away thanks to President Sherman Klump or whatever his name is, threats charges too please. This handwriting liable to be forged from a new website out there liable to be sued soon.

Not only are we hearing about the owner of Pharaoh's strip club's private defense lawyer getting paid now through the public defender's office in the greatest example of insider favoritism circle jerking I've ever heard of (we hear his name is Peter or Chris Grazi and that the NY Libertarian Party's Chase Kach/Molly Smash of Orleans County wants to interview him on her Pornhub channel raising money for his commissary and asking him who he's related to), but now I hear on these recorded phone lines that there is a website dedicated to every letter I've sent this court concerning my safety and/or my time. How are they getting these letters? Who in this court is giving them out or are these letters truly on PACER? So when I inform the court about [redacted] and now it's on a website, I'm still being called a public safety threat by a bunch of pseudo science shit psychiatrists when I now have to fear for my safety from [redacted]'s Baltimore MD Black Panthers? Is that who was involved in the 2024 police report on the break in of my house as reported by my grandmother Cindy Nye Wenke? Do I need to go live in Witness Protection forever like former North Carolina Libertarian state committee member Benjamin [redacted] apparently does as Katie [redacted] told me over a burner number in 2023 saying "witsec"?

I sent nothing to the court from Oklahoma the second time I was there so it's not "contempt of court" to Plead The Fifth to anymore pseudo science psychiatrists that may come my way. That March 2024 UB report is absolutely there, maybe even on PACER where this new website about me my father Kevin Wenke knows about, so stop blaming me since this new demand for the UB paperwork on me makes my 2 months at Chicago MCC pointless. Wasn't my idea to send me there so it's not on me, The UB paperwork is there and it doesn't matter.

Are Chris Olenki of the Boone County Libertarian Party and former Cataraugus County Libertarian Vice Chair [redacted] forging my handwriting and smudging my fingerprints on letters one of them is writing to switch absolutely knows about? Subpoena Lary Surpe of Asarcin NY and let's find out, on each other about this new website Katie [redacted]

IT IS NOT A FORM OF MENTAL RETARDATION TO JAM AS MUCH AS POSSIBLE ON PAPER DUE TO LACK OF SPACE RULE 32, SENTENCING WITHOUT INORDINATE DELAY. [redacted] know on a recorded olive line at Chicago MCC I bought dinner for Assemblyman David DiPietro's wife Theresa [redacted] and David please

PS - I think the Abuyhanons are innocent of kidnapping. I heard Wakeed is 8 months past his locked plea arrangement still pushing food trays at Orleans County Jail.

Fuck the UB paperwork. It doesn't matter anymore since I went to Chicago MCC afterwards.
PLEASE PROCEED WITH SENTENCING HEARING PLEASE AND THANK YOU
PS - I am feeling very competent today and it feels like Jay Osiewitz still works in Rochester for U.S. Appeals.

Chris Olenski and [redacted] of the NY Libertarian party have a history with the SWAT Team and Anonymous hackers. Chris has worked on the front door of my house in Olean. This new website is likely them. They have nothing to say about my former 2019 Olean/Libertarian presidential debate participant Daniel Christmann and his friend Jake Lang who I assume will soon be pardoned for their presence at the Capital Riot. Meanwhile I am still unsentenced in violation of Rule 32.

I think family members with Italian last names to the owner of Pharaoh's strip club agree that law enforcement agents should not be allowed to mistreat or lie to U.S. citizens on duty. It will be great suing Olean Police Andrew and Krystie of the Buffalo FBI/Kash Patel for bonus points since lying was the method used to get me as I was calling Olean Police on my former neighbor Amber Chapman. I believe I do remember Andrew and Krystie telling me on the way up to Niagara County Jail 1/28/22 what they like to do with tazers to the forcibly shaved assholes of people who post their written names on a website. Andrew and Krystie did receive a copy of 2020 Libertarian presidential candidate Vermin Supreme's Rockport MA house address from my desk; Vermin being friends with Chris Olenski and former Catt. Co. Libertarian Vice-Chair [redacted] (Michael Crick of the Salamanca Planning Board and Matt know each other) and Vermin being who I met Benjamin Gay Shariah Law "Only My Husband Can See My Face" Jihad Scarf [redacted] through. Chris and Matt being behind this new website.

Let's sue PACER. How many Frank Sinatra shaped butt plugs did the owner of Pharaoh's strip club have next to his toilet according to PACER? I've seen Jesus shaped butt plugs before. Way from being one of George Barrella's donors on his fundraiser party placards to this shit. Legalizing all vice industries and mach speed public safety drones used in an interstate order of protection program I've got all figured out will save BOTH parties on this end of recent 2020s crime from PACER humiliations.
