

① This is my first ever letter to this courtroom ever from Niagara County Jail where I was 3 years ago, where I was a month ago, and I still am today. So yes hello hello hello to the courtroom of John L. Sinatra Jr., somebody who I've absolutely never been face to face with in my entire life unlike failed 2010 candidate for NY Governor Carl Paladino, who never became a billionaire so hell have to make some bold moves if he plans on becoming one before turning 90.

Jews are the reason why Carl lost in 2010. They made him read from a pre-written script where they made him say homosexuality is an abomination. Carl is a good American who understands WW2 history and why America beat the Vatican's prior endorsement of Auschwitz. We are 15 years later now and it turns out Jerusalem is for Jesus, not Benjamin Netanyahu. Wow put that one on a shirt and get ready for Linda McMahon 2028 since The Simpsons predicted a woman after Donald Trump. I wish I could write Linda McMahon and tell her thank you for her Genesis 32:22 contribution to America. I would also tell her I absolutely never read a Bible my entire life until these last 3 years. If she started advocating that the U.S. Dept. of Education is prepared to issue a federal mandate requiring that all schools must teach the Bible or risk losing federal funding, suddenly Republicans would want her in that position until 2028 as opposed to outright abolishing it. WWE officially has Halliburton beat. If the Salamancas City School District has an issue with that mandate, do remind them that Mormons are the most native American friendly Christians, Jews don't even ~~accept~~ ^{accept} the Prophet Muhammad. I accept the Prophet Muhammad as higher ranking than Moses. Every Old Testament character leading up to Jesus provides a leniency factor for all descendants of Adam and Eve. Moses wasn't allowed to stand in a particular spot while the burning bush broadcasted Skype calls from Jehovah. Meanwhile Job was able to fight with Jehovah over the fact that Satan got him illegally convicted and Job still lived past Moses's expiration date. So Job is higher than Moses. Thanks to Job, we can put things in writing like wow fuck you Jehovah for putting me here at Niagara County Jail 3 years ago, a month ago, and still today.

② The late Alfredo Napoleoni was once given a job by Olean Mayor Bill Aiello, he knew my grandmother the late Justice of the Peace for Carrollton NY Carolyn Giardini, and before he died he used to talk up Benito Mussolini with me and he even complained to the Olean Chief of Police on my behalf 3 years ago when this all started for allowing Olean Police to lie to me 1/27/22. I don't know if John Sinatra's court agrees on Alfredo's former views on Mussolini, but I'm sure we can all agree this past wasted year is on Leidenfrost's merciless Laws of Moses assessment of my psychology. Does this court have his house address so we can sue him for medical malpractice and get him publicly fired from U.B. and E.C.M.C? Wow it's time to go neutral on Israel and Hamas, too. Dr. Rutter has Mr. Leidenfrost beats. Even as I watch the movie The Chosen, Rabbis were assholes to Jesus. Wow I bet Hamas gives the death penalty to all of their Israeli hostage equivalents to the Tops Supermarket Shooter soon since Israel escalated things recently after Hamas was absolutely going the extra mile in releasing hostages. Do feel free to get the Dept. of Government Efficiency after [redacted] research center's employee [redacted] husband to my Catholic aunt. They developed a Covid vaccine at the 11th hour in 2021. No significant research has come from his entourage to my knowledge. Kind of like how I don't know what $E=mc^2$ ever did to get us closer to Rome/Elon Musk's God of Mars.

If this court can help get the Chinese guy in P2-29 here in Pod 2 a Chinese Bible, it would help him learn English better as he is absolutely studying English on a podcast on the tablet. I wrote the Catholic Diocese of Buffalo about this request too since the Priest here is on vacation for a month. The quicker P2-29 learns English, we can use his help getting the Terrafugia car in Hangzhou for the Olean Police. Please help with the Chinese Bible. Hopefully U.S. Appeals Court Judge Katherine O'Hagan Wolfe isn't out there forging my handwriting. — Luke Wenke
