You are the Senior District Judge. My case is currently represented by Tim Murphy and nobody else. It is crucial for you as the Senior District Judge to know what has gone on in my situation in over 3⁺ years.

Unbelievable to me first of all that according to what I've heard, Michael DiGiacomo is the new head of the US District Attorney's office in Buffalo. To my knowledge, as I have only seen his name in print for the first time just this week, this is the second prosecutor to be affiliated with my case after David Rudoff recused himself (and rightfully so). Michael is a liar if he denies yelling at me right to my face right outside the courtroom Dec 2023 after I told him I did not send [Victim 1] of Minneapolis an email or letter at all January 2022 as I was forced to plead guilty against my will at airport April 2022 through the cooperation of Alexander Anzalone and David Rudoff. Anything Michael DiGiacomo puts in writing against me at this point is illegitimate because he has known about Katie [redacted] of [redacted] NY's illegal website about me violating my HIPAA rights for half a year now and Michael has done nothing about it, and again Michael is not a witness to a January 2022 email and letter to a stranger in Minnesota who I never even met, never sent anything to, and never even testified in John Sinatra's court in these 3⁺ years.

April 2025, some time after April 10th, John Sinatra produced a court motion concerning my fate with nobody present in the courtroom and here I am being illegally forced around into different facilities against my will. This makes me question what else has John Sinatra done in his courtroom with nobody present. Is he forging paperwork over court hearings that never happened? As of his April 2025 move I have every reason to believe so. Also the fact that Frank Passafiume sent me something in his name concerning this court motion shows Frank's cowardly nature.

as he lied to me at the end of January 2024 in terms of his intentions with my situation.

I am very happy Donald Trump is defunding the CIA. Let's start with Andrew and Krystie of the Buffalo FBI, January 2022 after they forced the Olean Police to lie to me over a 1/27/22 phone call to corner me and give me no choice but to go their way over an email from a few days earlier I never even sent. Andrew and Krystie then went to my mother Janet McCaul's house at [REDACTED] Little Valley NY and took advantage of her since-bitch macular degeneration blindness stealing valuables from her house so she could not afford private representation for my case. Olean Police lied to me over a 1/27/22 phone call about their reason to want to see me the next day. They are lying scum and nobody should ever trust them again as Bill Aiello the Mayor of Olean influences the Olean Police into dumping toxic waste into the Allegheny River as is the big news of the Olean area. [REDACTED] [Probation officer] and his asshole supervisor of Federal probation do nothing but encourage people on the defendant's no contact list to lie to police trying to get them back into jail as they did Sept 2023 encouraging Katie [REDACTED] to lie to [REDACTED] Police about my whereabouts. Probation violates and fails everybody and they should go the way of the CIA officers Donald Trump is thankfully defunding.

Late 2023 somebody forced my signature withdrawing an Appeal and I have told US Appeals Judge Debra Ann Livingston about this fact. I cannot lose Tim Murphy, John Sinatra is a tyrant who convicts innocent people and it is my opinion that the Jameson judge who was on house arrest for selling cocaine should take his place. I can't believe I went from tuning pianos in Western New York for over 10 years to telling a Sinatra to go fuck himself for ruining my life.
