---

**CAUTION - EXTERNAL:**

And the day will come **no police officer will ever speak to her again.**

Why is she now cooperating with the **New York state police** this time around to get rid of the early 2022 paperwork where they came to the door to talk to her about the car of mine she **stole** and got repo'd? Why did she **lie to the [REDACTED] Police** September 2023? Why did she twist my words when I recently said I was SORRY to Lexy from **South Carolina**, not proud? Is **Katie retarded**? Mental health isn't enough for her, she is maybe even illiterate. She twists things everybody says. So now the **New York state Troopers** are at fault for allowing her **HIPPA rights violating website** to continue. I have no reason to talk to **New York state police** ever again my whole life since they are too stupid to fingerprint my house (which **Katie** knows she **destroyed the inside of**) when I asked them to do so?

I try being nice by remembering **Katie** likes cats and that it's almost Christmas. I try. She then acts like I'm about to just show up and drop a load of fucking manure on her front yard like it's 1955 Hill Valley and she's Biff Tannen.

**[REDACTED]** is mentally unstable and incapable of properly managing a gun, especially when **[REDACTED]** (who openly posts about hating him) is in the same room as him. I've talked to him before about his feelings about her.

I'm sure this email will make it to **Katie** right away since **Katie** is the groundskeeper of the Robert H Jackson US Courthouse. **[REDACTED]**'s exwife who ruined **[REDACTED]**'s life. That is what she is. How did **NY state troopers** get my phone number? Kind of like how when I first texted **[REDACTED]** the same day I just got the new number, someone in California texted me right away.

Wow Christmas 2025 sure is just as worthless as Christmas 2023 "a broken Christmas tree ornament" as you said. No peace on the horizon for Christmas 2025 even if I say nice things. **Katie** twists words and then she pulls her hair on camera like she did in 2017.

Publicly subsidized law enforcement is for Bernie Sanders socialists. We need private security like **Nathan Leaver**'s people of **Ohio**. We have Freedom of Speech rights to talk about our Freedom to Assemble rights with everyone around **Nathan Leaver** who was at the December 2018 founding of the **Cattaraugus County Libertarian** Party at Perkins of **Olean**.

Shutdown the government in 2026. No more NY welfare checks for **Katie**'s parents, no more federal probation money to run **Katie**'s websites against me.

Facebook is run by a bunch of Zuckerberg Jews who hate Free Speech when I post about Black Friday marijuana deals in **Salamanca** but they let **Katie** run "The Luke Wenke Files". If I comment on a page about ME, **Katie** thinks I'm stalking her.

**Katie** and Tim Walz are both fucking **retarded**. **She needs Leidenfrost** to jam pills up her cunt

so she shuts the fuck up.

Katie destroyed the inside of my house. She hasn't denied it on her stupid little website either, since of course she lied to [REDACTED] Police September 2023.

Fuck the NY police. Send them all back to NYC where they came from. They won't help me fingerprint my house so I won't be answering their phone calls. I am a disrespected taxpayer, Katie gets fat drinking wine paid for by SNAP.

Watch Katie misinterpret everything I just said again and rewrite everything incorrectly on her tax subsidized website. Katie is uneducated and illiterate.

Figure out how to make PEACE with this situation everyone knew would continue or go down some complacent bureaucrat who does nothing more than play Battleship with the Sentencing Guidelines like Richard Arcara.
