Again you are the "lawsuit courtroom" as far as my notes are concerned, and I am sorry to you that you continue to hear from me in the criminal defendant format as I am the grandchild of a former village judge and as far as I care from this point forward, I am the primary victim of my 4.5 year long circumstances,

First of all I am sharing with multiple courts that at minimum I want Victoria Bahl to completely recuse herself from my case. I am seeking private representation as it is because that's what it takes to fix everything at the US Supreme Court as well as help this court in particular with everything I have to sue over, but as of right now as I send this out the Rochester Federal Public Defender's Office has other attorneys available. Victoria has failed to deliver on a monthslong promise to hand over court notes from January 30th and April 1st because she knows they work in my favor. Monroe County Jail knows I have not been present in court all year. Ever since May, whenever Victoria shows up with Karen Francati she either lies to me or completely backtracks on whatever was previously said. So I am accusing Karen of being a cross examination from the prosecutor's office onto the defense office. Victoria lied to my mother on the phone a month ago about the path we were preparing to take forward. Before Karen intruded on attorney client visits, Victoria told me that April 20th and May 5th can be rescheduled as quickly as possible. Katie [REDACTED]'s Lukewenko online website has remained active throughout 2025 even after Victoria and Karen said they would have it taken down; this has evolved into Victoria and Karen hanging out with Katie on the weekends and even provoking Katie to go through Kellen Quigley of the Olean Times Herald to publish falsified evidence on me in a "factual basis" full of falsified

2 I also want my 2024 ballot I want so I can vote for the President White House occupant as I was going to do as Nancy Pelosi Congress appointed judge John Sinatra was fully aware of. My cousin [REDACTED]'s friend Carl Paladino is in the position to pick John's replacement if I don't get my 2024 ballot 2 years late I'm backing down on nothing

non-factual evidence It is time for Victoria to leave my case and replace herself.

I am prepared to say January 2022 my phone was hacked by Hamas so one of their own in Minnesota could get sentenced to less time, CGTs were made of me at a 2020 protest I never even went to. The second degree assault against me this year from Derrick Van Epps as well as the attack on my clean house all happened under John Sinatra's and [REDACTED]'s watch. They do nothing to push for the immediate alleviation of my circumstances which continue to victimize me on many fronts. I do not have a high opinion of either of them. I want [REDACTED]'s law license revoked and I want John Sinatra removed from his position as judge. They coerced Derrick Van Epps from outside Monroe County Jail to force me to do things as if I'm a whimpering little inmate.

I could use stronger language to this "lawsuit courtroom" but I don't. Maybe Victoria Bahl is sitting in the Monroe County Jail parking lot forging my handwriting making death threats to Buffalo FBI for doing this to me. That's ok if she is. There's mailboxes in the parking lot.

It's a \$500,000 wrongful incarceration check I'm owed for these last 4.5 years. I will openly advocate for the legalization of burning the American flag on Constitutional grounds of airing grievances until I get that \$500,000. John Sinatra and [REDACTED] can figure out where it's coming from. John Roberts says death threats against judges are up? Victoria Bahl is forging my handwriting sending mail out to John Sinatra doing just that, and I find that just fine. It's all just Luke 21:12 these days says Pete Hegseth?
